ACCOMMODATIONS

The Inlet Sports Lodge offers twenty-nine standard Deluxe Studio rooms and five Luxury Suite Rooms. The Lodge is within minutes of some of the area's best dining, area attractions including Huntington Beach State Park & Brookgreen Gardens, and is also close to a variety of ceremony spots along the South-End of Myrtle Beach.

The Deluxe Studio

Our standard room is a full efficiency Deluxe Studio and features your choice of a King Bed or 2 extra-long pillow top Twin Beds, as well as a kitchenette with standard refrigerator, microwave, dishwasher, coffee pot and two-top burner stove.

A queen sleeper sofa can be paired with the King or Twin Beds in the Deluxe Studio. Bathrooms are quipped with a shower featuring 4 massaging body jets.

The room comfortably sleeps 2 adults and 2 children.

The Luxury Suite

For families or parties with 3-4 or more adults and/or kids, we recommend our Luxury Suites. The Luxury Suite Rooms consist of 2 adjoining rooms: the Standard Deluxe Studio (mentioned above) plus an adjoining room that mirrors it.

The adjoining room of the Suite features just a microwave, mini fridge and coffee pot instead of the full kitchenette, and has a regular loveseat sofa instead of the Queen Sleeper Sofa. We have 5 total Luxury Suites.

A light continental breakfast, housekeeping, WiFi & parking all included with your stay.

Understanding Our Points Program

CURRENCY

With a Points-Based Program, FLEXIBILITY is front and center. Points are your “Travel Currency” Their Value is up to you.

KEY FACTORS

- Season
- Unit Type
- How Often You Wish to Travel

SEASON

Red Season: The highest valued season. Weeks that fall in the Red Season are in the highest demand times of the destination and the Lodge.

White Season: The mid-valued season. Still some great and desirable travel times but not in as much demand as Red Season times.

Blue Season: This is the off season for the destination but can bring you the greatest value for use.

UNIT TYPE

Even though your purchase today comes with a deed in a specific unit type, this is not a lock-in to that unit. Our Points-Based Program allows you to use your Points to access your choice of our Deluxe Studios or Luxury Suites based on your travel needs during a specific getaway.

With a Points-Based Program, you will always be able to use your Points to enjoy a variety of getaways. Each getaway may include a different need for accommodations based on who and how many people are traveling with you.

With your Points, you can reserve the unit type that best suits your travel need for a particular getaway--

Deluxe Studio vs. Luxury Suite

Understanding Our Points Program

NUMBER OF NIGHTS

- Your Points can be used for one large getaway or divided for several smaller trips.
- We do require a minimum of two night stays when reserving your Lodge stays with your Points.
- Weekend nights have a higher Point value than Weekday Nights.
- Each year, In January, your points will renew equivalent to the package you purchased.
- Points are valid during the calendar year (January-December).
- Points do not carry over into future years.
- You can use your Points to stay with us here at The Lodge or you may transfer your Points (all or just a portion) into the Interval International Worldwide Exchange Program through your Preferred Club Gold Interval Gold Membership you are given as part of being an Inlet Sports Lodge Member.

WHEN THINKING ABOUT THE “RIGHT-FIT” POINTS PACKAGE FOR YOU...

Consider the Following...

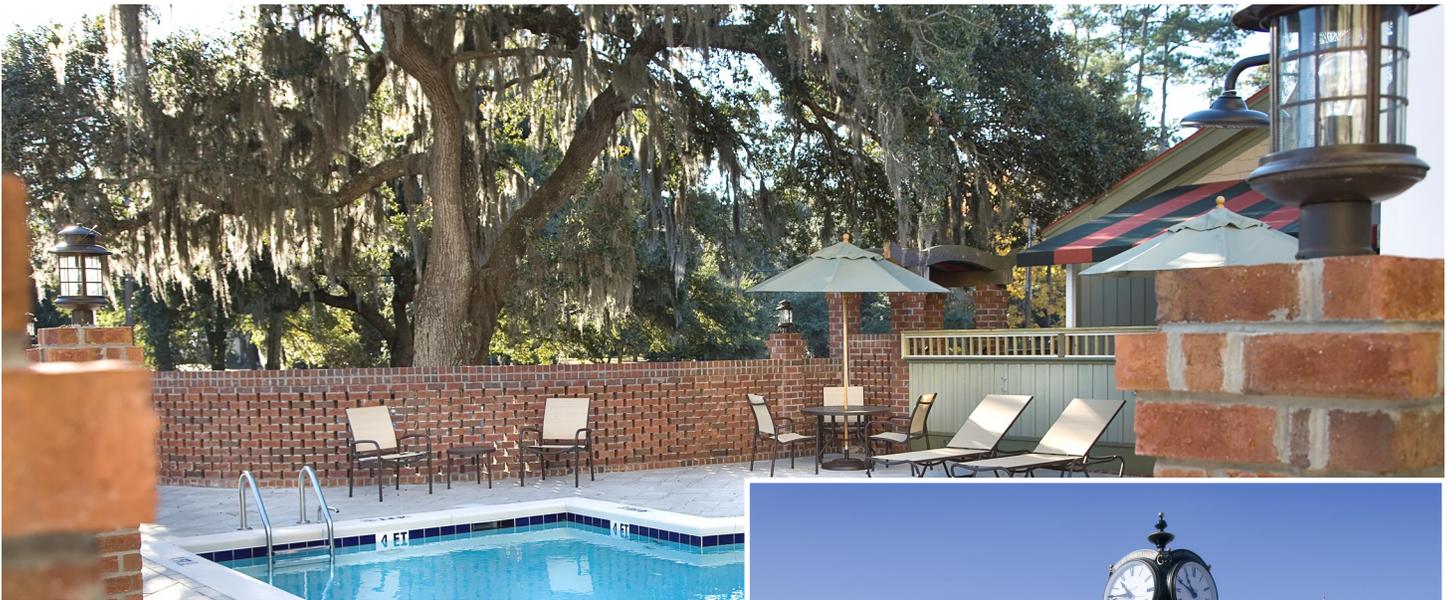

When do you want to travel? Carefully decide which season you will purchase into to ensure that you are maximizing your Point value. How long/How often do you want to travel? Consider the different getaways you can enjoy with your new increased travel flexibility. Be sure to purchase a Points Package that allows you to maximize the time you can travel.

How many people will be traveling with you? With the flexibility allowed through Points usage, you are sure to have trips that involve just the two of you while other getaways may be a family affair. Consider what will give you the greatest value for your use when considering what unit type to purchase into.

Do you think you will be utilizing the Interval International Exchange component of the program? If so, be sure your Point values are maximized to allow for the greatest exchange opportunities.

Bottom line is that with a Points-Based Program, **you are in control** of how, when and how often you enjoy your getaways. With Points, you can do it **all**. The only question you will be asking is.....

How soon can I come back again?
